Mossimo

HP50

NO. 2,789,615 MOSS BABY HT. 1 - 2" WT. 1.0 - 3.0 oz

Leech Seed

10

Care Instructions

Your moss baby is built to survive. It's biggest enemy is dirt and grime. It can live quite happily in an aquarium, or by itself in cool, clean water that is changed every 2-3 weeks.

NO. 2,164,792 PLANT BABY HT. 1 - 3" WT. 1/4 oz

Grow Herbs

10

Care Instructions

These plants are hardy and stout. They need light, but not too much. Room temperature is perfect. Moisten with a misting bottle 2-3 times per week, adding a weekly soak if your plant looks unhealthy. Don't overwater!

NO. 2,679,184 ROCK BABY HT. 1" WT. 6.0 - 15.0 oz

Rock Smash

10

Care Instructions

You may be thinking, "Um, it's a rock. It'll take care of itself." Fair enough. Do not melt your rock into hot lava. Any parts of it that are not a rock are still fragile. Compliment your rock every day so it doesn't die of loneliness.
